## Player Allocation Policy

This policy outlines the process for the placement of players into teams in a fair and even manner.

### Guidelines

- Team numbers to be limited to playing number +1  
e.g. U14 – 11 players +1 = 12 total
- Team Coaches may request/agree for squad to be increased, but must understand the managerial issues with an increase in player numbers.
- Players to be encouraged to play in their own age group, to save possible future conflict if player has to move, ref. Growth, Maturity, District commitments.
- No Coach – No Team Policy
- Be aware of any Coach/Player/Parent conflicts and consider as required.

### Process
